

# President's Perspective

Members,

Planning for our South Central Region Conference is underway! The dates are set for April 16-18 in Lubbock Texas, and the events are filling in for a great Conference! There are several great sessions to look forward to, including Membership Information, Leadership training, Social Media discussion, and Bidding Information that may just help with your next project. I encourage you to plan on attending our SCR Conference for an opportunity of great training and fellowship with other members from our Region!

As stated by Warren Bennis; "Leadership is the capacity to translate vision into reality."

Keep a watch out for more information on the up-coming elections of our Institute Officers! This year one of our own has thrown their name in the hat for the office of South Central Region Institute Director. Rick Lueb has graciously served on our chapter board for several years, and is a very active member of our chapter. Please see his attached letter announcing his candidacy, review his dossier at <http://csinet.org/Lueb> and join me in offering our support for Rick during his campaign.

"The quality of a leader is reflected in the standards they set for themselves." - Ray Kroc

Thank you,
